City of Beacon | Thanksgiving| 25 November 2020

This is Beacon Mayor Lee Kyriacou with a couple of updates and a Thanksgiving message.

1. **COVID Counts:** While the county counts are up – with over 700 active cases – Beacon counts are down – just 24. Low counts mean we are all doing our part – keep it up.
2. **Thanksgiving:** Most everyone has plans for the holiday. Enjoy holidays – but please do so safely. Make sure your plans include safety for you, your loved ones and your community.
3. **Governor’s Executive Order:** A reminder that in light of rising COVID case counts, the Governor’s recent orders have some additional restrictions:
 - **Gatherings:** Non-essential private gatherings are limited to 10 people.
 - **Bars & Restaurants:** Bars and restaurants must close for in-person dining by 10 PM, but can continue curbside take-out/delivery.
 - **Gyms:** Gyms & fitness centers must also close in-person operations by 10 PM.

We have much to be thankful for – but also much still to be careful about.

Thank you all.
