City of Beacon | COVID-19 Vaccine Part II | 4 February 2021

Good afternoon this is Beacon Mayor Lee Kyriacou with an update on COVID-19 vaccines.

Eligibility: Those who are currently eligible for a vaccine are: people 65 and older, frontline workers including first responders, public safety and transit workers, educators, front-facing grocery store workers, certain funeral workers, and those working or living in homeless shelters.

Everyone who is currently eligible for a vaccine will be able to get one within three to four months.

There are several vaccine distribution locations. All require an appointment. All have limited supply. I will list them starting with those in Beacon.

- Sun River Health on Main Street. Visit sunriver.org or call 845 288 0850.
- Local pharmacies are vaccinating those 65 years and older. Check RiteAid.com and BeaconWellnessPharmacy.com later this month for more information. Please do not call to schedule.
- The former JC Penney in the mall and Dover High School. Visit dutchessny.gov/covidvaccine.
- The Institute for Family Health in Hyde Park, Ellenville and New Paltz. Visit institute.org
- Westchester County Center and SUNY Albany. Visit am-i-eligible.covid19vaccine.health.ny.gov or call 1 833 697 4829
- Castle Point, for Veterans who are either 65 or older or are essential workers, call 845 838 7668.

Visit dutchessny.gov/covidvaccine for more vaccination information and to sign up for alerts.

Thank you, this message will repeat three times.
