

Special Registration Notice

5 Day Program Users Please Read

We want a less stressful method for registration for available 5-day spaces. If you are interested in sending your child to our afterschool program 5 days a week, we will be using a lottery system for session 4. The lottery system will allow all families interested in 5-day programming the same opportunity to register.

Here's how it works...

- Lottery registration is available until March 15th.
- Each family fills out the form ONE time for ALL their children.
- We will assign registered families a number.
- We will use a random number generator to select families to fill approximately 50% of our total available spaces at each after-school site.
- Families will be selected and contacted by Monday, March 20.

If you are one of the numbers selected;

- You will be notified to confirm the space.
- We will register the selected child via phone. Please have 5 minutes for us when we call.
- Half of the tuition is due at time of registration; the remainder will be due May 12th
- Failure to make payment within 48 hours of registration will forfeit your spot in the program and we'll generate an alternate number.

If you are not one of the numbers selected;

- You will be notified you were not selected and you can register as you regularly would.
- You can still register your child during open registration, Tuesday March 21, for as many days as are available at the time.
- Note: There will be no special 5-day registration prior to the 21st.
