2. Bidder must submit with bid detailed specifications, circulars and all necessary data on items he proposes to furnish. This information must show clearly that the item offered meets all detailed specifications herein. The City of Beacon reserves the right to reject any bid if its compliance with the specifications is not clearly evident. If item offered differs from the provisions contained in these specifications, such differences must be explained in detail and bid will receive careful consideration if such deviations do not depart from the intent of these specifications and are to the best interests of the City of Beacon.
3. All prices quoted must be "per unit" as specified, e.g. do not quote "per case" when "per dozen" is requested; otherwise, bid may be rejected.
4. Bidder must insert the price per unit and the extensions against each item in their bid. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices shall be extended in decimals, not fractions.
5. The prices submitted shall be exclusive of Federal and State taxes and must not include any tax for which the bidder may claim exemption because of doing business with the City.
6. Prices shall be net, including transportation and delivery charges fully prepaid by the successful bidder to destination indicated in the proposal. If award is made on any other basis, transportation charges must be prepaid by the successful bidder and added to the invoice as a separate item. In any case, title shall not pass until items have been delivered and accepted. (FOB Destination).
7. Where a bidder is requested to submit a bid on individual items and/or on a total sum or sums, the right is reserved to award bids on individual items or on total sums.
8. All bids received after the time stated in the Notice to Bidders may not be considered and will be returned unopened to the bidder. The Bidder assumes the risk of any delay in the mail or in the handling of the mail by employees of the City. Whether sent by mail or by means of personal delivery, the bidder assumes responsibility for having their bid deposited on time at the place specified.
9. In all specifications, the words "or equal" are understood after each article giving manufacturer's name or catalog reference, or on any patented article. The decision of the City as to whether an alternate or substitution is in fact "equal" shall be final. If bidding on items other than those specified,

bidder must in every instance give the trade designation of the article, manufacturer's name, and detailed specifications of the item he proposes to furnish. Otherwise, bid will be construed as submitted on the identical item as specified.

10. No interpretation of the meaning of the specifications or other contract document will be made to any bidder orally. Every request for such interpretation should be in writing, addressed to the City of Beacon, not later than five (5) days prior to the date fixed for the opening of bids. Notice of any and all such interpretations and any supplemental instructions will be sent to all bidders of record by the City of Beacon in the form of addenda to the specifications. All addenda so issued shall become a part of the contract documents.

11. The submission of a bid will be construed to mean that the bidder is fully informed as to the extent and character of the supplies, materials, or equipment required and a representation that the bidder can furnish the supplies, materials, or equipment satisfactorily in complete compliance with the specifications.

12. If two or more bidders submit identical bids as to price, the decision of the City of Beacon to award a contract to one of such identical bidders shall be final. (General Municipal Law, Section 103, Subchapter I)

Samples

13. Samples, when required, must be submitted strictly in accordance with instructions, otherwise, bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered within ten (10) days of the request, or as directed, for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the bidder desires their return and specifying the address to which they are to be returned provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. The City will not be responsible for any samples destroyed or mutilated by examination or testing. Samples shall be removed by the bidder at their expense. Samples not removed within fifteen (15) days after written notice to the bidder will be regarded as abandoned and the City shall have to right to dispose of them as its own property.

16. No contract hereunder shall, either in whole or in part, be assigned, transferred, conveyed, sublet or otherwise disposed of to any other person, company or corporation unless approval is first obtained in writing from the City of Beacon.

17. Should the successful bidder fail to meet a delivery date required by the specifications, the City may at their discretion, cancel the order, and terminate the contract. In such event, the City will assume no responsibility for any expense or loss to the successful bidder because of such cancellation or termination.

18. Should any material or equipment delivered fail to meet the specifications, the City may, at their

discretion require the vendor in writing to replace the same with material or equipment which does not meet the specifications and, at the vendor's expense, to remove the rejected material or equipment from wherever delivered or stored and in the event that such proper replacement and removal is not made by the vendor within thirty (30) days to cancel the order and terminate the contract, in which event the City will assume no responsibility for any expense or loss to the vendor because of such cancellation or termination.

The City reserves the right to authorize immediate purchase from other sources against rejections on any contract when necessary. On all such purchases the successful bidder agrees to reimburse the City promptly for excess costs occasioned by such purchases. Should the cost be less, the successful bidder shall have no claim to the difference. Such purchases will be deducted from contract quantity.

20. A contract may be cancelled at the successful bidder's expense upon non-performance of contract.

26. Unloading and placing of the equipment and furniture is the responsibility of the successful bidder, and the City accepts no responsibility for unloading and placing of equipment.
